

# My First Kiss (feat. Ke\$ha)

3OH!3

[3OH!3]

My first kiss went a little like this  
And twist  
And twist

[Ke\$ha]

Well my first kiss went a little like this  
And twist  
And twist

[Verso]

I said no more teachers  
And no more books  
I got a kiss under the bleachers  
Hoping that nobody looks  
Lips like liquorish  
Tongue like candy  
Excuse me miss but can I get you out your panties?

[PrÃ©-refrÃ£o]

In the back of the car  
On the way to the bar  
I got you on my lips  
[I got you on my lips]  
At the foot of the stairs  
With my fingers in your hair  
Baby, this is it...

[RefrÃ£o]

She won't ever get enough  
Once she gets a little touch  
If I had it my way,  
You know that I'd make her say  
Ooooooh  
Ooooooh (x2)

[Ke\$ha]

Well my first kiss went a little like this

[3OH!3]

I said no more sailors  
And no more soldiers  
With your name in a heart  
Tattooed up on the shoulders  
Your kiss is like whiskey  
It gets me drunk  
And I wake up in the morning  
with the taste of your tongue

[PrÃ©-refrÃ£o]  
In the back of the car  
On the way to the bar  
I got you on my lips  
[I got you on my lips]  
At the foot of the stairs  
With my fingers in your hair  
Baby, this is it

She won't ever get enough  
Once she gets a little touch  
If I had it my way,  
You know that I'd make her say  
Ooooooh  
Ooooooh x2

[3OH!3]  
My first went a little like this  
And twist  
And twist

[Ke\$ha]  
Well My first kiss went a little like this  
And twist  
And twist

[RefrÃ£o]  
(Falado)  
She won't ever get enough  
Once she gets a little touch  
If I had it my way  
You know that I'd make her say  
Ooooooh  
Ooooooh

She won't ever get enough  
Once she gets a little touch  
If I had it my way,  
You know that I'd make her say  
Oooooooh  
Oooooooh

She won't ever get enough  
Once she gets a little touch  
If I had it my way,  
You know that I'd make her say
