

# Place in Your Heart

Garnett Silk

Hey, baby, love is coming at you  
So you better be prepared  
Hey, yeah, hey, yeah, hey  
Newfound love is like a brand new toy

It fills you up, you want to burst with joy  
When you're in love it's a wonderful thing  
Your mind at rest, you want to try your best  
Prepare a place in your heart

That's where it all start  
A place in your heart  
Make love your resort  
Open your heart and let these feelings in

To deny these emotions would be like sin  
A used love and true love I give to you  
We made the start, so let's never part  
Prepare a place in your heart

That's where it all start  
A place in your heart  
Make love your resort  
Hey, a place in your heart

That's where it all start  
A place in your heart  
Make love your resort  
New love is calling can you hear, my friend

It's rapping at your door, now breaking and entering  
New love is calling can you hear, my friend  
It's rapping at your door, you better make sure  
A place in your heart

That's where it all start  
A place in your heart  
Make love your resort  
Prepare a place in your heart

That's where it all start  
A place in your heart  
Make love your resort  
Newfound love is like a brand new toy

It fills you up, you want to burst with joy  
When you're in love it's a wonderful thing  
Your mind at rest, you want to try your best  
Prepare a place in your heart

That's where it all start  
A place in your heart  
Make love your resort  
A place in your heart

Baby  
A place in your heart  
Make love your resort  
Ha, ha, ha, ha

Remember I told you love was coming at you  
You didn't believe me, did you  
Yeah...yeah...yeah...yeah...baby  
A place in your heart

That's where it all start, yes  
A place in your heart  
Make love your resort
