I'll Take My Chances

Is Tropical

You and I
We never had it easy baby
We had to work so hard
And every time it feels like we're gonna make it
That's when it falls apart, but

Ooh ho
Baby I'll take my chances with you
Ooh ho
Baby I'll take my chances with you

Every night I think about the mistakes I've made
I try to change my ways
(nothin's gonna change my ways)
And I don't mind all the little games we play
And all the foolish things you say,cause

Ooh ho
Baby I'll take my chances with you
That's what I'm gonna do
Ooh ho
Baby I'll take my chances with you

Love is what you make it
So give it one more try
Cause I get turned down when you're not around
I just can't take it all

You and I
We never had it easy baby
We've both been hurt before
(both been hurt before)
And only time will tell us if we're gonna make it
There's no way to be sure, but

Ooh ho
Baby I'll take my chances with you
That's what I'm gonna do
Ooh ho
Baby I'll take my chances with you

You know it's true

Ooh ho
Baby I'll take my chances with you
That's what I'm gonna do
Ooh ho
Baby I'll take my chances
I'll take my chances
With you
