

# High Life

## Mavado

Wi a live up the high life  
Smoke from day till twilight  
Smoke from night till sun light  
That a my life  
Marie Jane that a my wife

So high, trees light  
Everything nice yea  
Mi nuh know why, dem fight wi

Cause a time fi legalize it  
Roll it up and light it  
Ignite it  
Legalize it

Jamaica will supply it  
We have the highest

Mi smoke weed everyday  
In America, in a JA  
In a Canada, In a UK  
In a Belgium, France and Spain  
Jamaica have the top strength  
Elevating yo brain  
A the best from west than a run through mi vane  
Now mi high like plane

Challis meck out a grass  
Mi puff, puff, but no pass  
Mi cut, cut, up the grass  
As mi wake in a morning mi puff out the last  
And mi nuh care weh the cost  
From a high grade send it on fast  
Mi tek a flight now mi lost  
Out a space mi a blast

We love the weed and wi naw go a stray no day  
Am inlove wi Marie J  
Itâ€™s you I wanna say pretty trees  
You make me come everyday

No waan Craven A

No way

Wi a live up the high life  
Smoke from day till twilight  
Smoke from night till sun light  
That a my life  
Marie Jane that a my wife

So high, trees light  
Everything nice yea  
Mi nuh know why, dem fight wi

Cause a time fi legalize it  
Roll it up and light it  
Ignite it  
Legalize it
