

The Truth (feat. Roisin of Moloko and J-Live)

Handsome Boy Modeling School

Go
Go to the mountain if you must
Go to the burning bush
Happy would ease your troubled mind
How do the fade just stay behind? I know you better than you think I do
Don't worry this is why I fell in love with you
The man in the looking glass
Is looking back at you at last You can't hide from the truth
Because the truth is all there is
You can't hide from the truth
Because the truth is all there is
You can't hide from the truth
Because the truth is all there is
You can't hide If happy times are too few and far between
It's a pity dear, we can't erase the things we've seen
So disappear, vanish if you wish
Just go before you're swallowed up by bitterness And the truth is you can't hide from the truth
And the truth hurts because the truth is all there is
I realized some time ago that I would have to let you go May not be true to see that you would return one day
But in your present state you may as well not be here at all
You wear a thin disguise, it's from yourself you hide
Just take a look at us, we are heading for a fall Now presiding in this quarter hip-hop
Justice, my rap fortÃ©
Judge, jury, bailing for prosecuting D.A.
Et ceteras, paraphas
My modus operende
It's carpe diem whether the fact or word is your way
Comprende?
The people versus, you ain't no Sensi
Teaching that style of word-play
We got the words they
Regardless of what your friends say
They're all disable
Striken from the record and deemed indimissable
And this long arm of the law grabs a mightier
Shoot dope lines first and ask questions later
The sentence of this live litigator
Close the case tighter than the jaws of a 'gator
Stenonographer, that study law again, the jargon

Let your counselors 'a barking, in hopes of a plea bargain
But when you read back verbatim
What they're saying to persuade them
They realize exactly how I've played them
I come with the truth, whole truth and nothing but
'Cause the truth hurts just as much as in' with lies will
I brew skill with free fills from now until
Plagiarizing MC's get their flows distilled
Baby I don't die without you by my side
As long as you return into these arms that burn
Baby I won't die just take a look inside
Into these eyes that burn, come to these arms that yearn
I won't die, if you leave me high
I won't die if you're not by my side
And the truth hurts because the truth is all there is
You can't hide from the truth, 'cause the truth is all there is
You can't hide from the truth, 'cause the truth is all there is
You can't hide from the truth, 'cause the truth is all there is
You can't hide from the truth, 'cause the truth is all there is
You can't hide from the truth, 'cause the truth is all there is
You can't hide from the truth, 'cause the truth is all there is
You can't hide from the truth
Because the truth is all there is
You can't hide from the truth
