

# Kiss the Sky

## Cash Cash

You & I  
We could fly  
Til we die  
So high that we could kiss the sky  
You & I  
We could fly  
So high that we could kiss the sky So high that we could kiss the sky! You & I  
We could fly  
So high that we could kiss the sky! Get greasy! You & I  
You & I We're all looking for it  
We're all fighting for it  
Just enough to keep us up all night  
We're all looking for it  
We're all fighting for it  
Just enough to make us feel alright You & I  
We could fly  
Til we die  
So high that we could kiss the sky  
You & I  
We could fly  
So high that we could kiss the sky You & I  
We could fly  
Til we die  
So high that we could kiss the sky  
You & I  
We could fly  
So high that we could kiss the sky So high that we could kiss the sky
