

# I'm Trapped

Carl Sims

Iâ€™ve got a problem  
Iâ€™ve got a problem  
Iâ€™ve got a wife and Iâ€™ve got a woman, too  
And I donâ€™t know what to do  
Iâ€™ve been wondering what to do  
Iâ€™ve got two women that keep me so confused  
One brings me up and the other one lays me down  
I need the two of them to keep my feet on solid ground  
Iâ€™m sleeping in two beds  
Iâ€™ve got to make it good to keep one step ahead

Iâ€™m trapped, Iâ€™m caught up  
In the middle of a two-way love affair  
Iâ€™m trapped, Iâ€™m caught up  
In the middle of a two-way love affair

Now my wife is the first woman I ever kissed  
The first woman I ever made love to  
Whenever I need her, sheâ€™s right there by my side  
And most of all, sheâ€™s been my guide  
But late at night, when she gets in that bed  
She turns her back and she covers her head  
That outside woman, she spreads her arms  
And opens her charms  
She said donâ€™t stop until you get enough  
If you hold on tight and you can have all this good stuff

Iâ€™m trapped, Iâ€™m caught up  
In the middle of a two-way love affair  
Iâ€™m trapped, Iâ€™m caught up  
In the middle of a two-way love affair...
