

Stick It

Great White

The old man told me, "Hey you, make a choice
You can the music and stop all the noise
Or you can get out and find your own way"
I told him, "Stick it, my rock's here to stay" "No, no, I can't live without it
No, no, it just ain't the same
No, no, ain't no doubt about it
So rock me again I wanna roll it and burn it all night
Me and my Chevy don't stop for no lights
Crankin' the metal, blastin' the plant
They wanna catch me, but I betcha they can't I'm out on the road and I'm rockin'
(Stick it, stick it)
I'm out on the road, there's no stoppin'
(Stick it, stick it) I'm out on the road and I'm rockin'
(Stick it, stick it)
I'm out on the road and I'm gone I'm out on the road and I'm rockin'
(Stick it, stick it)
I'm out on the road, there's no stoppin'
(Stick it, stick it) I'm out on the road and I'm rockin'
(Stick it, stick it)
I'm out on the road and I'm gone
Stick it, stick it Stick it, stick it
Stick it, stick it
Stick it, stick it
