Find Me (feat. Birdy)

Sigma

[Verse 1]
We said goodbye
That's what you told me once
So many times we've made our peace
But this is love, I'll never give you up
But now your love has come home to me[Pre-Chorus]
Like a river, always running
I keep losing you
Like a fire, always burning
I'll be here for you[Chorus]
If you're ready, heart is open
I'll be waiting, come find me
If you're searching for forever
I'll be waiting, come find me
I can see you, you're in the darkness
Blinding lights right where your heart is
If you're ready, heart is open
I'll be waiting, come find me[Post-Chorus]
Come find me
Come find me
I can see you, you're in the darkness
Blinding lights right where your heart is
If you're ready, heart is open
I'll be waiting, come find me[Verse 2]
If your star waits
That's what you told me once
But tears they come and go
This is us, I'll never get enough
It's taking losing you to know[Chorus]
If you're ready, heart is open
I'll be waiting, come find me
If you're searching for forever
I'll be waiting, come find me
I can see you, you're in the darkness
Blinding lights right where your heart is
If you're ready (if you're ready)
Heart is open (heart is open)
I'll be waiting, come find me[Post-Chorus]
Come find me

Come find me[Bridge]
I want to meet but never leave now
I want to meet but never leave now[Chorus]
I can see you, you're in the darkness
Blinding lights right where your heart is
If you're ready, heart is open
I'll be waiting, come find me[Post-Chorus]
Come find me
Come find me
If you're ready, heart is open
I'll be waiting, come find me[Outro]
If you're ready, heart is open
I'll be waiting, come find me
