

Honeybabysweetiedoll

Van Halen

Honey-baby-sweetie-doll,
You're the one that I want or I don't want one at all.
Honey-baby my hearts a flame,
I'm all up and you're to blame.
Honey-baby-sweetie-girl,
Let me count the ways you rock my world.
Stone-soul-sistah, soccer-mom,
Muchacha-amiga, cherry bomb
Baby-lover, angel-faces
Satin-doll, you straight-up-aces
I'm a bad little cowboy,
Send me to your room

Let's get started,
Let's not stop soon.
Rollin' like the ocean
When the moon is full
I'm a face grenade
With the sex pin pulled
Honey-baby, Hamptons-bitch
Kinda lost, sorta rich
I dig both and I don't care which
You're gonna make me crash
You red-hot Florida trailer trash
Now that's a switch
