Bright

Prismo

(I could be the one)
(I could be the one)
(I could be the one)
(I could be the one)

I could be the one
Somebody to show you how itâ€™s done
Just give me a chance to change your life
I know how to make that future bright
I could be the one
Somebody to show you how itâ€™s done
Just give me a chance to change your life
I know how to make that future bright

I know how to make that future bright
That future bright, that future bright
I know, I know how to make that future bright
That future bright, that future bright
I know, I know how to make that future bright
That future bright, that future bright
I know, I know how to make that future bright
That future bright, that future bright

(I could be the one)
(I could be the one)

I could be the one
Somebody to show you how itâ€™s done
Just give me a chance to change your life
I know how to make that future bright
I could be the one
Somebody to show you how itâ€™s done
Just give me a chance to change your life
I know how to make that future bright

(I know how to make that future bright)
(That future bright, that future bright)
(I know, I know how to make that future bright)
(That future bright, that future bright)
(I could be the one)

(Somebody to show you how itâ€™s done)
(Just give me a chance to change your life)
(I know how to make that future bright)
