I'm Just Sayin'

Twiztid

See, mother fuckers don't wanna listen, nobody understands that,
with out sacrifice, there's nothing worthy, you see what I'm sayin'?
Nobody understands that, they just do what they wanna do,
(Right, Right), and um, live their life how they wanna do it, they don't wanna give nothin' up, you know?
(Oooh shit), me, I'd give it all up, if its worth it...
Why you looking at me like that?
(Mother fucker I wanna hit that joint),
OH!, My bad, shit I'm just kickin' it to you, here you go, (let me get the joint Tommy Chong)
Tellin' me you don't feel it? (I'm just tryin' to get high like you)
I here you baby, well there you go, I'm just tryin' to say,
that its getting to a point where mother fuckers gotta do something, instead of just sitting there,
you gotta get off your ass and do something about it,
don't talk about it, be about it, that's how the fuck I'm feelin'
