

Don't Say Goodbye

[Ylona Garcia](#)

It's not the end of the road. We got a long way to go. Just trust in God have some hope. Don't worry I'll be there for you. Pre-Chorus:

Ohh. Ohh. You gotta trust in me.

Don't worry I will be. Right there for you.

Ohhh. I'll be right by your side.

Together we will rise. Doing what we do. Ohhh. Don't say goodbye. Just see you later yeah.

Don't see goodbye. I'll see you soon again.

'Cause if you really want me there.

I'll be there to take your hand.

Gonna tell you it's alright.

As long as you don't say goodbye. Don't ever think you're not enough.

You're beautiful wise and tough.

Just trust in God and my love.

Don't be afraid to trust.

'Cause I'm here for you. (Repeat Pre-chorus & Chorus) No matter how long it takes.

Even if my bones would break.

I'm gonna take in the pain.

Until I see you again. Don't say goodbye. Just see you later yeah.

Don't say goodbye. I'll see you soon again.

Don't say goodbye. Just see you later yeah.

Don't say goodbye. I'll see you soon again.
