Heartache Fetish

Young & Sick

Slip into my drink
Sneak into my veins and knock me out cold
Am I tripping are you bliss?
Are we dreaming this?
Don't wake me yet
It's dripping from your lips
And written on your wrists
Can't be tamed[Hook]
You're not in the room
But you got me in a headlock
Tied up
Helpless
Ready to be sacrificed and buried
Love me, love me foreverYou force my spirit down your throat
And leave me by the roadside, dying
Pulled apart by your grace
It leaves a burning taste
And now I got my tongue-tied and tattooed[Hook]All that's left are my bones
Dipped in gold
Waiting to be sold
To the first damn taker
All that's left is your ghost
And the fire burning up
Your soul[Hook]
