

Shine

Inxs

Making up my life
Killer in the night
Rattling my brains
Looking for that light
Shine, shine
Shine so bright, shine
When she does that thing
I want to breathe her in
Throw away my world
If I could see that pearl
Shine, shine, shine, shine
Shine, shine, shine, shine
The skin is deep
But you're, oh so weak
Don't put your faith
In the words they speak
The skin is deep
But you're so so weak
Don't put your faith
In the words they speak
Gimme, gimme reasons
For the things I do
Silhouette, I'm seeing
In the shape of you
Gimme, gimme reasons
For the things I do
Silhouette, I'm seeing
In the shape of you
Shine, shine, shine
Shine, shine
When it does that thing
Killer in the night
Rattling my brains
Looking for the light
Shine, shine, shine, shine
Shine, shine so bright
Gimme, gimme reasons
For the things I do
Silhouette, I'm seeing

In the shape of you
Gimme, gimme reasons
For the things I do
Silhouette, I'm seeing
In the shape of you
Gimme, gimme reasons
For the things I do
Silhouette, I'm seeing
In the shape of you
