

# The Underdog

## Spoon

Picture yourself in the living room  
Your pipe and slippers set out for you  
I know you think that it ain't too far But I, I hear the call of a lifetime ring  
Felt the need to get up for it  
Oh, you cut out the middleman  
Get free from the middleman You got no time for the messenger  
Got no regard for the thing that you don't understand  
You got no fear of the underdog  
That's why you will not survive I want to forget how conviction fits  
But can I get out from under it?  
Can I get it out of me? Oh, oh, oh  
It can't all be wedding cake  
It can't all be boiled away  
I try but I can't let go of it  
Can't let go of it Uh-huh 'cause you don't talk to the water boy  
And there's so much you could learn but you don't want to know  
You will not back up an inch ever  
That's why you will not survive The thing that I tell you now  
It may not go over well  
And it may not be photo-op  
In the way that I spell it out But you won't hear from the messenger  
Don't wanna know 'bout something that you don't understand  
You got no fear of the underdog  
That's why you will not survive, right!
