

# Love Is a Liar's Game (Acoustic Version)

## Youth in Revolt

Woah  
Woah  
Woah  
WoahCome on over  
little closer  
come on baby put your head up on my shoulder.  
Swore I told her  
it was over  
don't you worry everything is like I told ya.Give it time and you will see  
you're the only one that's right for me so  
let me hold you tight  
for just one more night  
just one more night!  
Love is a liar's game  
so try your shame  
nobody wins when it's over  
Love is a hopeless case  
a nameless face  
with every touch growing colder.Listen up baby this is what I'll do  
I'm doing everything I can to make it up to you  
you're the only one who cares  
every memory shared  
I'm lookin' up at the heavens  
will you take me there?You're  
you're the only one that's right for me  
you're the only one I'll ever need  
you next to me  
you next to me!  
Got caught up in a hurricane  
there's nothing left to feed the flame.  
Won't ever be the same  
I'm running out of ways to sayGot caught up in a hurricane  
there's nothing left to feed the flame.  
Won't ever be the same  
I'm running out of ways to say goodbye.I never meant a word of it any way!  
Fuck you! Bitch!HA HA HA HA HA Hey  
hey  
hey  
hey live with this forever!

bury yourself with the lies you told!hey  
    hey  
    hey  
    hey  
    Love is a liar's game  
        so try your shame  
        nobody wins when it's over  
            Love is a hopeless case  
                a nameless face  
            with every touch growing colder.Woah  
                touch growing colder  
                    woah  
                touch growing colder  
                    woah  
                    woah
