Angels

The xx

Light reflects from your shadow
It is more than I thought could exist
You move through the room
Like breathing was easy
If someone believed me
They would be as in love with you as I am
They would be as in love with you as I am
They would be as in love with you as I am
They would be in love love love
And every day
I'm learning about you
The things that no one else seesAnd the end comes too soon
Like dreaming of angels
And leaving without them
And leaving without themBeing as in love with you as I am
Being as in love with you as I am
Being as in love with you as I am
Being as in love love love
Love love love
Love love love
And with words unspoken
And silent devotion
I know you know what I mean
But the end is unknown
But I think i'm ready
As long as you're with me
Being as in love with you as I am
Being as in love with you as I am
Being as in love with you as I am
Being as in love love love...
