

# Angels

## The xx

Light reflects from your shadow  
It is more than I thought could exist  
You move through the room  
Like breathing was easy  
If someone believed me  
They would be as in love with you as I am  
They would be as in love with you as I am  
They would be as in love with you as I am  
They would be in love love love  
And every day  
I'm learning about you  
The things that no one else sees And the end comes too soon  
Like dreaming of angels  
And leaving without them  
And leaving without them Being as in love with you as I am  
Being as in love with you as I am  
Being as in love with you as I am  
Being as in love love love  
Love love love  
Love love love  
And with words unspoken  
And silent devotion  
I know you know what I mean  
But the end is unknown  
But I think i'm ready  
As long as you're with me  
Being as in love with you as I am  
Being as in love with you as I am  
Being as in love with you as I am  
Being as in love love love...
