

# Roses

## Tyrese

It's been a miracle for what you've done  
Please stay right by my side, two can be one  
The righteous way to go, anyone would know  
I believe that I told you so, you're second to none  
The question is what do I know about love  
They ask me all the time do I know about love  
Naturally I say yes but I don't know \*\*\*\*\*  
'Cause if I did I wouldn't be in and out of relationships  
Why do I get caught up in eye candy  
A few days I pound, she ain't no where to be found  
Everyday I pull so many dimes  
I need to change my middle name to one line  
'Cause I got so many one liners  
I tried to tell her I was ready to go all the way  
But she couldn't be patient with me and now look at the end result  
She ain't here to get these roses I bought  
But I'ma keep my self-esteem up  
And keep looking for some real love  
You know it's true what they say, love's as precious as a rose  
Will I ever find a rose? I don't know  
It's been a miracle for what you've done  
Please stay right by my side, two can be one  
The righteous way to go, anyone would know  
I believe that I told you so, you're second to none  
I seen it coming way before we got here  
You want me to put you over my whole career  
My career was here first and it's here to stay  
Don't trip girl you're still a [Incomprehensible]  
My life is movie sets, rhyming, singing and world tours  
If I ain't got a rose in my life then what's it all for  
You think I want to be in private jets  
Laid up in 5 star hotels by myself?  
No, I want a rose to share with  
The blessing of a backbone when I can't stand alone  
I'll come home to a home cooked meal  
A manicure, pedicure without seeing a bill  
Am I describing you? I don't know  
I don't want to spend the rest of my life living single  
Patience is a virtue that's the way that it goes

The question is will I find my rose, is that you?  
It's been a miracle for what you've done  
Please stay right by my side, two can be one  
The righteous way to go, anyone would know  
I believe that I told you so, you're second to none  
My mom's taught me not to wear emotions on my sleeve  
So when I leave please believe I'ma leave, man  
I'm not a charity case but you might have to donate  
Some love tips and show me the way  
'Cause if I really knew it all  
You think y'all would have to talk to me about how to love and all  
No, I'd be on top of the world at 27  
With wife pregnant and white picket fences and \*\*\*\*  
It's cool, I'ma get there soon  
Running around in the yard having fun with my lil' ones  
Thinkin' to myself, I had my share  
There's gonna be women everywhere, not like the one I got here  
Independent, fine as hell and got her own career  
And if I ever needed her, she'll be right there, is that you?  
It's been a miracle for what you've done  
Please stay right by my side, two can be one  
The righteous way to go, anyone would know  
I believe that I told you so, you're second to none
