

That Ain't All (with The Anita Kerr Quartet)

Perry Como

I'm gonna buy you a big hat with feathers an' plumes
I'm gonna buy you a mansion with sixty thousand rooms
An' that ain't all, no that ain't all! I'm gonna buy you powder, I'm gonna buy you paint
Gonna fix you up an' make you look like somethin' you ain't
An' that ain't all, no that ain't all! I'm gonna buy you a fur piece, I'm gonna buy you gloves
I'll buy you anything if you will give me all of your love
An' that ain't all (That ain't all!) no that ain't all (That ain't all!) I'm gonna buy you a Rolls Royce, get you a
chauffeur too
But the chauffeur's gonna be a woman just like you
An' that ain't all (That ain't all!) no that ain't all (That ain't all!) I'm gonna buy you dresses, 'till your wardrobe
falls
You're gonna die of old age before you wear them all
An' that ain't all (That ain't all!) that ain't all (That ain't all!) If we're both a livin' in nineteen ninety-five
they will have a pill by then to keep us both alive
An' that ain't all (That ain't all!) that ain't all (That ain't all!) All these things I'll buy you, if you'll just wait for
me
'cause I'll be out of prison in nineteen eighty-three
An' that is all (And that is all!) that is all (And that is all!) That is all (And that is all!) that is all!
