Defeat You

Lagwagon

i don't wanna defeat you i don't wanna be sad
i don't wanna forgive you i don't wanna be mad
'cause it's always say what you wanted to say
as you're walking away and i can't take this disappointment again
and i'm waiting... i don't wanna be near you
i don't wanna be far i don't wanna forgive you
but i wanted to start
'cause it's always say what you wanted to say
as you're walking away
and i can't take this silent treatment again
and i'm waiting, and i'm waiting...
for you i don't wanna defeat you
i don't wanna be mad i don't wanna forgive
you i don't wanna be sad
yes it's always say what you wanted to say
as you're walking away
and i can't take this silent treatment again
and i'm waiting, and i'm waiting... for you for you
