

# Treat Me Like the Dog That I Am

Lloyd Jones

Treat Me Like the Dog I Am!

I show up on your doorstep hungry, without a fish in the pouring rain.

You let me stay 'til Sunday, loan me ten dollars again.

Understand I'm just a no good man. Treat me like the dog I am!

I never called you on your birthday, I don't know your sister's name.

I leave you every Christmas, Baby, but you love me just the same.

Understand I'm just a no good man. Treat me like the dog I am!

Bridge:

I don't know what you see in a poor old fool like me.

I owe you more than I can say, still you never drive me away!

If you feed me I'll keep comin' around, just like the neighborhood hound.

I was out last night raisin' sand. Here I come back again.

Understand I'm just a no good man. Treat me like the dog I am!

(Instrumental)

Bridge:

I don't know what you see in a poor old fool like me.

I owe you more than I can say, still you never drive me away!

If you feed me I'll keep comin' around, just like the neighborhood hound.

I was out last night raisin' sand. Here I come back again.

Understand I'm just a no good man. Treat me like the dog I am!
