

# Girls' Room

## Liz Phair

I'm sleeping in the girls room  
I'm sleeping in the girls room  
    I'm sleeping in the sky  
    I'm sleeping in the water  
I'm sleeping in the girls room  
I'm sleeping in the girls room  
I'm sleeping in the girls room tonight  
    Here comes Tiffany  
    My best friend, Tiffany  
    Wearing a size too small of sweater  
        Me and Tiffany  
        Dressing up pretty  
    We love to ride, we love to canter  
    My best friend Tiffany

    She is so popular  
We're going from site to site and pool to pool tonight  
    And we hear Terry say that Tricia's okay  
But she ought to learn to shave her bikini line better  
    And Tauren was born, like her mother in a storm  
        And Tracey's been away forever  
        I'm sleeping in the girls room  
        I'm sleeping in the girls room  
            I'm sleeping in the sky  
            I'm sleeping in the water  
        I'm sleeping in the girls room  
        I'm sleeping in the girls room  
    I'm sleeping in the girls room tonight
