

Interloper

X-Cops

X-Cops patrol your streets tonight
and we will judge what's wrong or right
And if you interfere
With what we're doing here
It's your unlucky day
We'll blow your ass away
We are the law
We are justice
You pay our wages
And so you trust us
But if you fuck around
Then you'll be goin down
We'll beat you to your knees
You are the enemy
Because we wear a shield
We have the right to kill
And if the guiltless die
We turn a blind eye
We turn a blind eye
We turn a blind eye
Blind Eye
