

Burned It Down

Clinton Washington

Oh do you
Do you remember
When you said that you would stayOh do you
Do you remember
When you got up to walk awayPre-Chorus
Now I know that someday
You might turn back around and say
That you made a huge mistake
And you'd take me back today
Ohhhhh but you didn't realize I'd....Chorus
Burned it down. Burned it down
Down to the bricks, the ashes, and the lies
Burned it down. Burned it down.
Down with what's left of our love lives
Burned it down. Burned it down.
OHHHHHHHH
You can still see the dark smoke riseOh do you.
Do you forget how
You left me without a kissOh do you.
Do you for now
All the things you didn't seem to missPre-Chorus
Now I know that someday
You might turn back around and say
That you made a huge mistake
And you'd take me back today
Ohhhhh but you didn't realize I'd....Chorus
Burned it down. Burned it down
Down to the bricks, the ashes, and the lies
Burned it down. Burned it down.
Down with what's left of our love lives
Burned it down. Burned it down.
OHHHHHHHH
You can still see the dark smoke riseBridge
Just let it BURRRRRN
Light up your eyes
Let it BURRRRRNChorus
Burned it down. Burned it down
Down to the bricks, the ashes, and the lies
Burned it down. Burned it down.

Down with what's left of our love lives
