

# So Little Time

## Arkarna

Oh, oh Took a while to drag me out of bed  
Aim some coffee at my head  
Saw the clock, I'm running late  
It's an ordinary day And I'm like a dog on heat  
Knock one out and then fall asleep  
It's sad but true  
I'd rather be with you Don't you forget about me  
When you're a celebrity  
It will be only you and me  
Before too long So little time, so much to do  
I rather spend my days with you  
So little time, so much to do  
I'd like to spend one day with you And if that day is not enough  
Maybe we can stay in touch  
But I'm not making plans for tomorrow  
For tomorrow never comes For tomorrow, oh Said, I've been celibate for years  
Not out of choice, there's no one here  
See I can't give my end away  
Another ordinary day And I've love to see a little more of you  
You're clothes would look better on my bedroom floor  
Bedroom floor, bedroom floor Don't you forget about me  
When you're a celebrity  
I know you're busy  
But we all need somebody before too long So little time, so much to do  
I rather spend my days with you  
So little time, so much to do  
I'd like to spend one day with you And if that day is not enough  
Maybe we can stay in touch  
But I'm not making plans for tomorrow  
For tomorrow never comes Oh, oh Never comes  
Never comes  
For tomorrow  
Never comes
