Hey, the chances I must waste
Hey, ever dirt even there month got a car
Here's what it takes (x4)
Paper chase is on
These are on my speed
For he warbled
Bought arachnophobe
On the tiara, by the gin's rack
Paper chase is on
These are on my space Paper chase is on hey, the chances I must face
These are on my speed oh, you warbler
For he warbled hey, that's by the car
Bought arachnophobe
On the tiara
By the gin's rack
Paper chase is on
These are on my space
Abandon ship
I watch him trail (x4)
Hey, for eight means paper chase paper warm beings means the paper chase
For our time being's for our time being's never changes this
Never changes this (x2) Here's what it takes (x6) Paper warm beings means the paper chase here's what it takes
For a time piece never changes this

For our time being's never changes this
