

# Where Do I Belong

## Infected Mushroom

Pon a belly full or pon a belly empty the youths dem starving  
Pon a bad day or pon a bad night the youths dem under warning  
Rubbing dem eyes fi check delusion inna morning  
Dem wonder weh dem at, wonder who dem a, wonder who dem callin  
Dem a di future see dem running outta time  
Dem want fi find an answer inna crime  
Nah wanna be caught up, wanna be set up and rewind  
We seek redemption gate fi my generation mind And I wonder where do I belong?

Been looking for a place for to long

And when dem a come ya

We run outta town a simple man nah never wear a crown

Again I wonduh where do I belong?

Been looking for a place for to long

And when dem a come ya

We run outta town a simple man nah never wear a crown Me say everybody come fi get a permission fi demand  
it

Nobody nah think about if dem absolutely want it

A better man know say whether man know say - love it or despise it

Mostly we will never overstand or recognize it

I'd love to hear dem apology fi bitin'

Every part of me, every bone of me, every single chance I see

Holy pa trouble comin' back and make we sad

Sometimes life gwaan mad And I wonder where do I belong?

Been looking for a place for to long

And when dem a come ya

We run outta town a simple man nah never wear a crown

Again I wonduh where do I belong?

Been looking for a place for to long

And when dem a come ya

We run outta town a simple man nah never wear a crown I a beg I a beg you to stop every rumor

From you know life you nah speak

Breakaway dem barriers and chase away fears

Burn out every possible pollution or tears

A me say I know we no want no devil around

I know we no want no devil around

I know we no want no devil around

I know we no want no devil around And I wonder where do I belong?

Been looking for a place for to long

And when dem a come ya

We run outta town a simple man nah never wear a crown  
Again I wonder where do I belong?  
Been looking for a place for to long  
And when dem a come ya  
We run outta town a simple man nah never wear a crownPon a belly full or pon a belly empty the youths dem  
starving  
Pon a bad day or pon a bad night the youths dem under warning  
Rubbing dem eyes fi check delusion inna morning  
Dem wonder weh dem at, wonder who dem a, wonder who dem callin  
Dem a di future see dem running outta time  
Dem want fi find an answer inna crime  
Nah wanna be caught up, wanna be set up and rewind  
We seek redemption gate fi my generation mind
