Goodbye

Celldweller

How long will this moment wait?
Goodbye (Wait here)How long will this moment wait
Here for me to realize
I'm needing to understand
Before this moment says goodbye (Wait here)
Said goodbye (Wait here)
This moment said goodbye (Wait here)
Said goodbye (Wait here)
GoodbyeSo far, so close to what I knew
Would be the last thing I would do
I wish now I'd understood
Before that moment said goodbyeGoodbye (wait here)
Said goodbye (wait here)
This moment said goodbye (wait here)
Said goodbye (wait here)Goodbye
Goodbye
Goodbye
Goodbye
Goodbye (wait here)
Goodbye (wait here)
Goodbye (wait here)
Goodbye (wait here)
Goodbye (wait here)
Goodbye (wait here)How long will this moment wait?
