Terminator

Goldie

PlayI can go way back in my mind
This music thing was a joke, I didn't do my time
They couldn't finally bring me up
Now, I do it real tough and I'm roughCome on, I'm the Terminator for all
Hurry up y'all, it's time to go on
I love to hate 'em
This is my story yoI'm a Terminator, determined to end your life
I'm a Terminator, determined to end your life
I'm a TerminatorI'm a Terminator, determined to end your life
I'm a Terminator, determined to end your life
I'm a TerminatorCan I ever have good luck?
Seems in life, nothing
Yeah, everything is so fucked up
I gotta keep going on, I will survive, I'm strongLong time coming, somebody catch my train
It's too late, it's driving me insane
Everybody is going somewhere else
This is my story yoPeace
PeaceI'm a Terminator, determined to end your life
I'm a Terminator, determined to end your life
I'm a TerminatorI'm a Terminator, determined to end your life
I'm a Terminator, determined to end your life
I'm a TerminatorI'm a Terminator, determined to end your life
I'm a Terminator, determined to end your life
I'm a Terminator, determined to end your life
I'm a Terminator, determined to end your life
I'm a Terminator, determined to end your lifeI'm a Terminator, determined to end your life
I'm a Terminator, determined to end your life
I'm a Terminator, determined to end your life
I'm a Terminator, determined to end your life
I'm a Terminator, determined to end your lifeI'm a Terminator, determined to end your life
I'm a Terminator, determined to end your life
I'm a TerminatorI'm a Terminator, determined to end your life
Taken back life
