

# Fat (Jonas Kjellgren Remix)

## Lindemann

Your dirty sweat  
My sweetest potion  
Your armpit swampy  
Little oceans  
Your flappy butthole  
A soggy cave  
I put in my parts  
And let them batheCall me freaky, call me sick  
I like it sticky, I like it big (Fat!)  
I hate it skinny, I hate it flat  
I don't need mini, I like it fatPeople laughing about your size  
We can fuck them on your French fries  
When I break open your king size bra  
Your giant boobs are just wunderbar!Call me freaky, call me sick(Fat!)  
I like it sticky, I like it big  
I hate it skinny, I hate it flat(Fat!)  
I don't need mini, I like it fatEvery night, I have this dream  
I'm sliding down, a slippy stream  
Straight in your mouth, the smack is strong  
I eat your lips, your furry tongueYou call me freaky, you call me sick (Fat!)  
I like you sticky, I like you big (Fat!)  
I hate you skinny, I hate you flat (Fat!)  
Don't need you mini, I like you fat (Fat!)So call it crazy or call it fate  
Just with you I want to get laid  
But your holes are hard, so hard to find  
It doesn't matter. I fuck you, fuck you from behind!
