Life

Jamelia

Baby, I found a letter today
Oh, it was so beautiful
Declaring your undying love so poeticallyBut it wasnt written to me
So I guess I wasnt supposed to see
Although last night you were loving me
Wanting to spend your life with meWhy couldnt you just talk to me?
And say, "J, youre not the one"
Instead of f-ing with my head
And now I want you dead
No matter what the consequenceSaid Ima 'bout to do life for you
Got this live or die love for you
And I swear if I dont have you then
Nobody will, nobody willIma 'bout to do life for you
Put my ass on death row for you
'Cuz I swear if I cant have you then
Nobody can, nobody canBaby, what does she do that I dont?
Only one thing I can think of
She's a hoe, will go where I won'tTell me why do I
Stand here with this ring upon my finger?
Is it nothing but you're just another confused?How could you lead me on
And make me tell my daddy youre the one?
She cant love you like I do
But you dont love me like I love you soSaid Ima 'bout to do life for you
Got this live or die love for you
And I swear if I dont have you then
Nobody will, nobody willIma 'bout to do life for you
Put my ass on death row for you
'Cuz I swear if I cant have you then
Nobody can, nobody canThis cannot be the ending
On you Im depending
This eternal love's in my heart
We just cant be apartIm gonna hold on forever
And let you leave me never
You've ripped out my heart
I'm definitely dying
Im taking you with me
And theres no denyingSaid Ima 'bout to do life for you
Got this live or die love for you
And I swear if I dont have you then

Nobody will, nobody willIma 'bout to do life for you
Put my ass on death row for you
'Cuz I swear if I cant have you then
Nobody can, nobody canSaid Ima 'bout to do life for you
Got this live or die love for you
And I swear if I dont have you then
Nobody will, nobody willIma 'bout to do life for you
Put my ass on death row for you
'Cuz I swear if I cant have you then
Nobody can, nobody can
