Worth It

Whitney Houston

This is for the lovers holding hands in the car
This is for the lovers, no matter where you are
This is for you, it's for you, it's for you, it's for you
This is for you, it's for you, it's for you
This is for the lovers just getting on their feet
This is for the lovers 'bout twenty years deep
This is for you, it's for you, it's for you, it's for you
This is for you, it's for you, it's for you
It's a beautiful thing
When it's shared between two
The most beautiful thing about it
That it's so much more than you
There ain't nothing in the world like being with your lover
Nothing in the world like seeing one another
Happy with the one you need the most, yeah
I know somebody's gonna make love
To this song tonight, tonight, tonight
I know somebody's out of town
And they're calling home tonight
Let me tell you what they're saying right now
They're saying
It ain't hard to tell when it's something real
You can have the world, all you want is them
Even when you're in a crowd
And you're spotted from a mile and
That's when you know love is worth it
When it's going wrong, and you never give up
When you're on the phone, you never hang up
Even when you're feeling down
They can always make you smile and
That's when you know love is worth it
This is for the lovers holding hands in the car
This is for the lovers, no matter where you are
This is for you, it's for you, it's for you, it's for you
This is for you, it's for you, it's for you
This is for you, baby
Some people feel it, they let it show
Some people miss it, they let it go
Some people doubt it, I'ma tell you now

They don't know a thing about it
That's why they doubt it
Some people give it, some people take it
Some people try to, but they can't fake it
That's why when it's official
You just can't walk away
And you can trust me when I say
I know somebody's gonna make love
To this song tonight, tonight, tonight
I know somebody's out of town
And they're calling home tonight
Let me tell you what they're saying right now
They're saying
It ain't hard to tell when it's something real
You can have the world, all you want is them
Even when you're in a crowd
And you're spotted from a mile and
That's when you know love is worth it
When it's going wrong, and you never give up
When you're on the phone, you never hang up
Even when you're feeling down
They can make you smile
That's when you know love is worth it
This is for the lovers holding hands in the car
This is for the lovers, no matter where you are
This is for you, it's for you, it's for you, it's for you
This is for you, it's for you, it's for you, oh baby
This is for the lovers just getting on their feet
This is for the lovers 'bout twenty years deep
This is for you, it's for you, it's for you, it's for you
This is for you, it's for you, it's for you, for you, baby
It ain't hard to tell when it's something real
You can have the world, all you want is them
Even in a crowd
That's when you know love is worth it
When it's going wrong, you never give up
When you're on the phone, you never hang up
Even when you're feeling down
They can always make you smile and
That's when you know love is worth it
This is for the lovers holding hands in the car
This is for the lovers, no matter where you are
This is for you, it's for you, it's for you, it's for you
It's for you, it's for you
