Rest in Pieces

Twin Atlantic

I feel high when I hit a low
I feel safe but I need to know that
You're not gonna get too close to meA repetition that I can't replace
I make mistakes then I make the same, yeah
Connecting dots with a line that leads to meYeah I would say that it's my fault
Because the highs and lows make me feel lost
And help me get caughtWhen I rest in pieces
I'll be losing sleep, yeah
I can't help the way that I'm feeling
Or the look that's on my face
The look that's on my face
I hate the travelling
I hate my home
I love feeling there's nowhere to go, yeah
Take my hand if you wanna feel lost and freeI read the words that were on your wall
From so far but it lets me know that
You're the one that is gonna get close to meYeah I would say that it's my fault
Because the highs and lows make me feel lost
And help me get caughtWhen I rest in pieces
I'll be losing sleep, yeah
I can't help the way that I'm feeling
Or the look that's on my face
The look that's on my face
'Cause I've got my reasons
So just keep on keeping
Down that road that you believe in
With the look that's on your face
The look that's on your faceYeah I want to know where it will lead me down
Will I be home again
Home again?
Oh will you be waiting at the other end
Or will you just leave me now
Leave me now, leave me now?Yeah you could just leave me now
Leave me now, leave me nowWhen I rest in pieces
I'll be losing sleep, yeah
I can't help the way that I'm feeling
Or the look that's on my face
The look that's on my face'Cause I've got my reasons
So just keep on keeping

Down that road that you believe in
With the look that's on your face
The look that's on your face
