A Thousand Faces

Creed

I stand surrounded by the walls That once confined me Knowing I'll be underneath them When they crumble, when they fallWith clarity my scars remind me Ask yourself what's just under my skin A different smile again, so much I hide How is stepping back a move forwardNow I'm forced to look behind, I'm forced to look at you You wear a thousand faces, tell me, tell me which is you Broken mirrors paint the floor why can't you see the truth You wear a thousand faces, tell me, tell me which is you Tell me which is youHere only time make no change Pointing fingers, laying blame Lying over and over and over Deceiving your mindDug my grave, trashed my name Yet here I stand so you won't fade away Indifference smiles again so much I hide How is stepping back a move forwardNow I'm forced to look behind, I'm forced to look at you You wear a thousand faces, tell me, tell me which is you Broken mirrors paint the floor why can't you see the truth You wear a thousand faces, tell me, tell me which is you Tell me which is youI bleed inside, just let it out, just let it out

I bleed inside just let it out, just let it out
[Incomprehensible]Now I'm forced to look behind, I'm forced to look at you
You wear a thousand faces, tell me, tell me which is you
Broken mirrors paint the floor why can't you tell the truth
You wear a thousand faces, tell me, tell me which is you
Tell me, tell me, tell meYou wear a thousand faces, tell me which is you
Tell me which is you
