Nobody's Fault But Mine

[Otis Redding](#)

I couldn't love you your way
Yet and still you came to see me day by day
But now I miss you all the time
No heart can be as sad as mine
Ain't nobody's fault but mineWhat will lie due tomorrow
Burden down and suffer with my sorrows
But cryin' ain't gonna help me knock
I made a mistake anyhow
It ain't nobody's fault but mineGot to but, one day I got to pay
For my mistakes, y'all
It's gonna carry me
Straight to my grave, ooh
I gotta tell you now, ooh
I wanna tell you sum'nInstead of you tryin' to spend my money
Yet your favorite word was to call me 'honey'
But I was just a doggone fool
Tryin' to be so doggone cool
Ain't nobody's fault but mineI thought I done did it
I made a big mistake, y'all, right
I did somethin' wrong too
Nobody's fault but mine
And it ain't nobody's fault but mineI did the wrong thing to you, girl
Somebody help me now
I need a little bit of help now
