# Let Me Come & Let Me Go

## Atc

If you want me to knock you out
And show what I'm about
Then hear what I am saying
I know that you've been there before
You say you know the score
But that's not how I'm playing
Freedom is water for my leaves
And love is the sun
You won't see me beggin' on my knees
But you're still the one
Let me come & let me go
'Cause I want you to know
That I will never leave you
If you never let me down
I'll always be around
Let me come & let me go
To keep your foot inside the door
And make me give you more
You gotta learn to play me
Baby, don't cover up my eyes
And count on a surprise
That's not the way to tame me
Freedom is water for my leaves
Love is the sun
You won't see me beggin' on my knees
But you're still the one
Let me come & let me go
'Cause I want you to know

That I will never leave you
If you never let me down
I'll always be around
Let me come & let me go
Let me come & let me go
'Cause I want you to know
That I will never leave you
If you never let me down
I'll always be around
Let me come & let me go

Let me come & let me go
You won't see me beggin' on my knees
But you're still the one
Let me come & let me go
'Cause I want you to know
That I will never leave you
If you never let me down
I'll always be around
Let me come & let me go
Let me come & let me go
'Cause I want you to know
That I will never leave you
If you never let me down
I'll always be around
Let me come & let me go
