

# Genetic Engineering

## World Chaos

Efficient, logical, effective, and practical

Using all resources to the best of our ability

Changing, designing, adapting our mentalities

Improving our abilities for a better way of life

Babies, mother, hospital, [Incomprehensible]

Creature, judgment, butcher, engineer

These are the little children, the future in our hands

When all God's children on this earth inherit all our plans

These are the lies they tell us but this is the only way

When all God's children on the earth will evermore be saved

Babies, mother, hospital, [Incomprehensible]

Creature, judgment, butcher, engineer

[Incomprehensible]Babies, mother, hospital, [Incomprehensible]

Creature, judgment, butcher, engineer

These are the little children, the future in our hands

When all God's children on this earth inherit all our plans

These are the lies they tell us, the future's good as sold

In all the things we do and know, we really must be told
