Sitting In My Room

Burning Heads

sitting in my room
wasting my time again
better go outside
better run outsidewhere the fuck are they, all gone away
where the fuck are you?
don't you know i miss youwalking down the streets
without using my feet
all i need is to switch on my tv set
20 kinds of shit to chose from and waitliving in my room
and i don't feel no pain
i've become completly numb
no need to run
