

# Party Of One

## Trick Pony

Hey babe  
Remember all the times  
When you told me you had to work late  
Think back  
To the times you stood me up  
And the countless broken dates  
I got tired of the aggravation  
So I made a reservation  
A special evening I planned just for you  
At your party of one at a table for two  
Waiting on me like a waited on you  
I can just see you now  
I can picture your face  
Checking your watch  
Feeling so out of place  
Now you're gonna find out  
How it feels to be so lonesome and blue  
Being a party of one at a table for two  
Hey babe  
By now you must be wondering  
What the heck is taking so long  
You think I'm probably stuck in traffic  
But boy you couldn't be more wrong  
I call and tell you that I'll be later  
Left a message with your waiter  
Says I hope you enjoy your night alone  
At your party of one at a table for two  
Waiting on me like a waited on you  
I can just see you now  
I can picture your face  
Checking your watch  
Feeling so out of place  
Now you're gonna find out  
How it feels to be so lonesome and blue  
Being a party of one at a table for two  
I thought maybe messing  
With your mind might  
Teach you a lesson this time  
Surely you're smart enough to know  
You always reap what you sow  
A party of one at a table for two  
Waiting on me like a waited on you  
I can just see you now  
I can picture your face

Checking your watch  
Feeling so out of place  
Now you're gonna find out  
How it feels to be so lonesome and blue  
Being a party of one at a table for two  
Being a party of one at a table for two  
Being a party of one  
At your table for two
