Brand New Angel

Gov't Mule

Brand new angel, did you just fall down from the sky
Come to your sweet daddy, wipe the tears from your eyes
This must be your lucky day, I hope you like surprisesSave my weary soul, take me from this hole
Lead me to the light or just take me through the nightBrand new angel, never turn your back on me
Look deep into my eyes and tell me what you see
People say you should stay away but I disagreeSave my weary soul, take me from this hole
Lead me to the light or just take me through the nightBrand new angel, don't be so easy to deceive
Things are different down here
You gotta let your body breatheSave my weary soul, take me from this hole
Lead me to the light or just take me through the night
