Root Love

John Martyn

A thousand kisses flying home to you
A thousand kisses, two thousand miles from view
My root loveA hotel room don't make it
When I'm thinkin' about your face
Cheap experience don't shake it
Thinkin' about my place
Root love, root loveAnd that Harvey's bangin' walls again
And the paint job's wearin' thin
Got to feelin' mean again
Like momma drinkin' gin
Root loveThe bar looks so invitin'
Maybe one more Fanny Mae
Maybe one more happy hour
And another day away
From root loveLittle boy blue lost again
Tellin' others sorry tales
Just one more sinkin' sunrise
And two more crimson sails
And root loveWell, a hotel just don't make it
When I'm thinkin' about your face
Cheap experience don't shake it
And I'm thinkin' about my place
Root loveA thousand kisses, root love
