

Prove Your Love (Hasbrouck Heights Club Mix)

Bananarama

Prove your love
Come on and make it happen
Prove your love
Show a little passion Prove your love
Come on and make it happen
Prove your love
Show a little passion How did it get to this?
I've fallen under your kiss
Tell me what is on your mind
Maybe tonight we'll find I gotta know
I gotta feel
I gotta say, "Hey
This is for real" Prove your love
Come on and make it happen
Prove your love
Show a little passion Prove your love
Come on and make it happen
Prove your love
Show a little passion Some things were meant to be
Like you were meant for me
Why don't you make your move?
I'll leave it up to you I gotta know
I gotta feel
I gotta say, "Hey
This is for real" Prove your love
Come on and make it happen
Prove your love
Show a little passion Prove your love
Come on and make it happen
Prove your love
Show a little passion Prove your love
Come on and make it happen
Prove your love
Show a little passion Prove your love
Come on and make it happen
Prove your love
Show a little passion I gotta know
I gotta feel
I gotta say, "Hey

This is for real" Prove your love
Come on and make it happen
Prove your love
Show a little passion Prove your love
Come on and make it happen
Prove your love
Show a little passion Prove your love
Come on and make it happen
Prove your love
Show a little passion Prove your love
Come on and make it happen
Prove your love
Show a little passion
