

# 10 Out of 10

## Columbia

### Verse 1

Maybe I could take you home  
Take you home with me  
There are many places that  
I think you'll see  
I'm 10 out of 10 all night  
And maybe you'll know

### Verse 2

Maybe we should leave right now  
Get out of this place  
Leave all of your friends behind  
I've got this space  
I know just what's going on  
and you should know

### Chorus 1

That Baby it's all right  
Come with me  
It's all right  
Girl you'll see  
And you'll know just why  
I'm 10 out of 10 all night long  
So baby you  
Should come home with me now  
Cum with me tonight
