

Chocolate Box

Bros

You're talking candy from the jar
You spin the lid
which one first?
Desert of temptation
what soda will quench this thirst?
Don't wanna be left behind
The grass is always greener on the other side.
So don't you treat me like the first -Chocolate in the box
I know you'll take another
What you want is a looker
not a lover in the box
Cause I know you'll take another
what you want is a looker.
Not a lover I've discovered.
You want your cake and eat it with a silver spoon in your
hand
Don't give me that innocent girl thing
Cause I'll close the door with a slam.
Don't wanna be left behind
...Chocolate in the box
I know you'll Take another
...
Chocolate in the box
I know you'll take another
...Chocolate in the box
I know you'll take another
...
Chocolate in the box
I know you'll take another
...
