We Stand

Caleb Garraway & Katie Garraway

Verse 1:
Some may say it's foolish,
Some that it's absurd,
But still we choose to build our lives,
Upon God's holy word,
We know it's always perfect,
We trust it in all things,
It's holy and it's right,
So whatever this life brings.

Chorus:
We stand on what is timeless,
We stand on what is true,
We stand unashamed no matter what the world may do,
We stand upon this rock,
Spoken by the Lord of all,
And tho other lives built on sand may fall,
We stand.

Verse 2:
It may not be in fashion,
It may not be in vogue,
When we look at empty lives all around we know,
We could live pursuing power,
Thinking pleasure satisfies,
God's light comes through the shadows,
Revealing their just lives.

Chorus:
We stand on what is timeless,
We stand on what is true,
We stand unashamed no matter what the world may do,
We stand upon this rock,
Spoken by the Lord of all,
And tho other lives built on sand may fall,
We stand.

Verse 3:
Let us trust His every word,
Resisting every wrong,

Untreated and believed,
It's our only hope for standing strong,
We stand on what is timeless,
We stand on what is true,
We stand unashamed no matter what the world may do,
We stand upon this rock,
Spoken by the Lord of all,
And tho other lives built on sand may fall,
We stand, we stand,
Ohhh we stand.
