

# Don't Hide It

## South Park Mexican

[Grimm:]

Automatics be kickin' reloaded streets done exploded  
But hopeless, lost on the dro'ded armored soldier's  
The fully loadest, book was strong as bullets recorded led oldies  
Pour some mo' 'cause I got love for my dead homies  
Playin' bogus, reminiscin' 'about the days  
Gettin' blazed, stayin' paid, cook my yay in microwaves  
I was raised, learnin' plays off the pages of gangsta ways  
Sharp as swisher blades, hard to finish my race  
In your face, place to place flippin' channels  
Got the dope within' the panels, from the Valley to Ingrando  
Nothin' we can't handle, mexicano's out of Texas  
Runnin' with the best 'cause fuck with nothin' less 'cause...

[Chorus:]

Boy Don't you Hide It, roll it up & light it  
It's how we do it in the Southeast  
When you ride you gotta pack your piece  
It's all the same up in the Northeast.  
Boy Don't you Hide It, roll it up & light it  
It's how we do it in the Northwest  
Put to rest if you ain't wearin' your vest  
It's all the same down in the Southwest.

[Bing:]

The feds on me, I reminisce about my dead homies  
Now that I'm investin' tryin' to put some led on me  
Cops on the licks, robbin' boys off since.  
Who's next with the plex? We knockin' boys off the deck  
I'm known to wreck I'm Bing, I ain't gon' drop my flag  
I drop my sample up & I drop your ass  
Pull out & smash, just a youngsta 'about his cash  
I'm the first & I'm the last, I K E bring it bad.

[Ikeman:]

We southeast on lock, Grimm, Ike & Bing gon' hop  
Southeast be Wreckshop, time go blast up the block  
Murder murder with the glock nigga, we bust shots nigga  
With dead dots nigga, the feds hot

We the realest & what not, be killers that won't stop  
You niggas is gon' drop, fuckin' with the wrong block  
Off the top, this one here is for my dead homies  
I'm over here reminiscin' when you bled on me.

[Chorus:]

Boy Don't you Hide It, roll it up & light it  
It's how we do it in the Southeast  
When you ride you gotta pack your piece  
It's all the same up in the Northeast.  
Boy Don't you Hide It, roll it up & light it  
It's how we do it in the Northwest  
Put to rest if you ain't wearin' your vest  
It's all the same down in the Southwest.

[Grimm:]

The game's headed worst, ridin' your homey in the hears  
Done prayin' for his soul, at the church still it hurts  
To know that he's gone, thought he'd live long  
Hard to stay strong, wanna know what went wrong  
Still ain't nothin' you can do to bring your homey back  
Steady puff, pour the boo remember rollin' lac's  
Now there's more in the pack & the Pac & the Bigg's  
Eazy E, this harder rapper ever lived  
In the minds & hearts, of players, ballers & pimps  
That don't refine the arts, of proper measurements  
Settin' presidents, for all the hustlaz to come  
That live & die by the gun, but still gon' ride 'til they time come.

[Chorus:]

Boy Don't you Hide It, roll it up & light it  
It's how we do it in the Southeast  
When you ride you gotta pack your piece  
It's all the same up in the Northeast.  
Boy Don't you Hide It, roll it up & light it  
It's how we do it in the Northwest  
Put to rest if you ain't wearin' your vest  
It's all the same down in the Southwest.
