

Hard as a Stone

Black Kiss Superstar

I have been in the land of fire
I have lost the control of my soul
You show me that sexual desire
That breaks your heart and throws you down a hole
Don't play with me baby
Don't play anymore
Leave my heart please darling
I'm not as hard as a stone
Devil heart with a face of an angel
Angelic eyes with a mouth of a wolf
Eats a man every morning breakfast
Leaves you down lost and tossed like a bone
Don't play with me baby
Don't play anymore
Leave my heart please darling
I'm not as hard as a stone
I'm not as hard as a stone
I'm lost for you baby
I'm lost for your bones
But don't play with me darling
I'm not as hard as a stone
I'm not as hard as a stone
I'm not as hard as a stone
I'm not as hard as a stone... sweet baby
I'm not as hard as a stone
