Paradise

Thorne Empire

Sing for me, sing for me
Let me show you the world beyond the lines
Let me show you across the sky
Let me show you paradise

Why don't you join me in the paradise
And I feel so happy inside
When my soul was heavy
I found the paradise

Let me show you what it's really all about
Life is a dream
To make the stars light up
It's a dream about the paradise
It's a dream about the paradise
About
About the paradise

Sing for me, sing for me
Sing about the paradise
Sing for me, sing for me
Sing about the paradise
Sing about
Sing about the paradise
